

From Kaka with Love

Kaka's letter:

Yes Sir!!! Latafatbhai: ' My name is "Kaka" and I am not a terrorist.' The very first sentence of your speech referring to a "Khan" NOT being a terrorist made my heart and mind leap with joyous anticipation of what you were about to speak on the fondly awaited auspicious occasion of Eid Milan 2016 which I am sure will go down in history as the most awe-inspiring and admirable "OUT REACH" program in the life of IMAG.

I whole heartedly and passionately agree with and admire the noble and compassionate thoughts expressed in your speech as well those of Dr. Fatema Mawji and Congressman Al Green. The great concept of Seniors' village was emphasized and duly applauded during the event and this was heartwarming. The youth of SAYA, Mohammad gave a good account of their activities. Our Paruji's talk about the seniors was good too. Did she say: "we are the Fountain of Youth?" Well... It certainly is an inspiring and spirit-lifting statement.

Fatehbhai's creation of the small play, "The price of Miracle", touched my heart-strings because it was amusing and moistened my eyes as well.

The fashion show and the "Best-Dressed" contests provided a good change for many of the members of the audience.

All in all, it was a Grand Show. Alf-Mabruuk (Thousand Mubarak) to you Latafatbhai, all your associates, team members and volunteers for bringing forth such an event with love-filled and painstaking efforts. May Allah grant you such resounding successes in all walks of your lives.

*Sincerely
Tatyeb Shipchandler*
